

Stanton County Public Power District
Budget Billing Agreement

By signing this agreement you understand the budget billing procedure and agree to pay the calculated budget amount due for your account in a timely manner. It is also understood that if you do not pay your budget amount in a timely manner and are delinquent for 2 times in one year, you will be removed from budget billing until your account history shows 12 months of no penalty charges.

You must be a customer for at least 12 months with Stanton County Public Power District at your current location and have a payment history that shows no penalty charges for at least 12 months. You are therefore eligible for the SCPPD budget plan.

Your budget amount will be calculated by using the prior 12 month history, plus any anticipated energy costs such as upcoming rate increases, and dividing that amount by 11. The last month of the year will be your "Catch-up month." This month billing will allow you to settle up your account to 0\$ for the current year and a new budget will be calculated for the next year.
