

# THANK A LINEMAN!

This April, we're recognizing linemen for the amazing job they do to make sure we have electricity! Think about all the ways you use electricity every day. Do you use a phone, watch TV, play video games or turn on lights? You're able to do all of these things because of linemen.

Below is space to write a short thank you note to your local linemen. Write your note, then ask an adult to help you send it back to us so we can share it with our crews.
